

Liana Razmerita, PhD, is Associate Professor in Learning Technologies at Copenhagen Business School (CBS). Her research investigates knowledge work and collaboration in the digital age. She is interested in how emerging technologies shape digital organizing, new ways of working and learning in online environments, and new forms of human-AI collaboration. She has studied forms of articulation of personal into collective knowledge, user behaviour and knowledge sharing in digital environments. She led and participated in multiple international research projects. She has published over 110 research articles in academic journals, books and peer-reviewed conferences. Her research has been published in journals like *Academy of Management Learning and Education*, *Journal of Knowledge Management*, *Journal of Organizational Computing and Electronic Commerce*, *Online Information Review*, *Applied Artificial Intelligence Journal*, *Interacting with Computing*. She has held previous appointments at INSEAD and INRIA, France, Dunarea de Jos University of Galati, Romania and University of Leeds, UK.
